Figure 16 shows a hexagonal lattice of circles arranged in a triangular pattern. The circles are arranged in 10 horizontal rows. The top row has 7 circles, the second row has 8, the third has 9, the fourth has 10, the fifth has 11, the sixth has 12, the seventh has 11, the eighth has 10, the ninth has 9, and the bottom row has 7 circles. The circles are arranged in a hexagonal lattice, with each circle having six nearest neighbors. The overall shape is a large equilateral triangle.
